

Hear ALL the Sounds of This Holiday Season!

Are you ready to hear ALL the sounds of the season? Children laughing. Excited whispers. Telephone calls from loved ones far away. All of the things that make the holidays memorable can be a major source of frustration if you have trouble hearing. Don't let hearing loss come between you and a loved one.

The Place for Better Hearing wants to help you hear all the sounds of the season. We will determine which type of hearing loss you have and recommend the best hearing solution for your hearing level and your lifestyle.

At your visit, you can expect a comprehensive hearing examination. We then proceed with a discussion of your lifestyle including the types of sound environments you most frequently encounter.

We will then discuss hearing aid options. At The Place for Better Hearing, we work with the most advanced hearing aids available today: S Series by Starkey. Every S Series hearing aid offers the best solution for your hearing and your lifestyle, as well as, the ultimate in performance, comfort, and personalization.

Finally, we can help you narrow down your choice of hearing aids based on the investment you are comfortable making. We understand the difficult economic climate some of our patients face. We are proud to offer CareCredit so you can enjoy convenient monthly payments with no interest charges.

Make this holiday season unforgettable. Call The Place for Better Hearing at (513) 922-0123 to schedule an appointment or visit us at www.hearingbetter.net.
